

STD EGNX 1230z

At point "PT28", climb to FL300 and continue to point "I";

For final southbound ("I" to "K") run, hold at "I" as necessary to reach point "J" at 15:19z (to coincide with EarthCare satellite overpass);

At point "K", climb to cruise alt (FL270) and route via "PT28", and DIMLI to LISBO.

At LISBO, continue to home-base via airways to DTY, "PT05", and BAPIS.

ETA EGTC 1700z.

EGNX-EGTC [A/C GLUXE]
